

LÖTSOCKEL

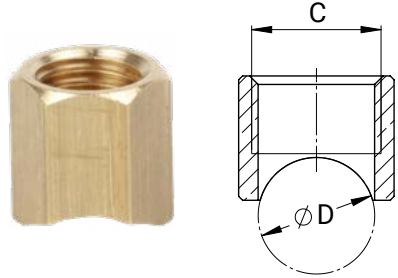

SOLDER SOCKET (FOR WATER SPRAY NOZZLES) / BASE DE SOUDURE (POUR BUSES DE PULVÉRISATION)

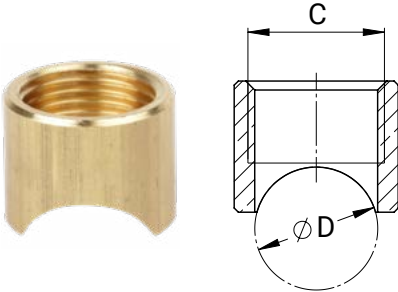

Lötsocket dienen als Bindeglied (Befestigung) zwischen Kühlleitung und Wassersprühdüse.

Solder sockets serve as connectors (mounting points) between the cooling system and the water spray nozzles.

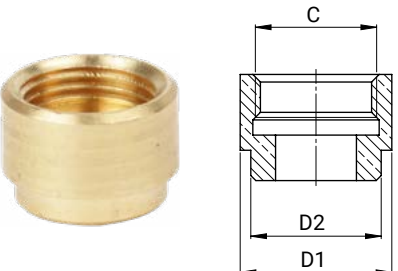

Les bases soudure servent comme connexion entre le tuyaux de refroidissement et la buse de pulvérisation d'eau.
